

Maximum Durability

InstaGrip™ is Insta's extremely durable heat transfer specifically formulated for industrial laundering. It is the perfect embellishment and labeling solution for Uniforms, Work Wear, Medical and Sports Apparel. It is designed to produce excellent quality and vibrant color. InstaGrip™ combines a low temperature hot-peel heat transfer, with the durability to withstand the rigors of repeated home and industrial laundering. InstaGrip™ also has superior dye/bleed resistance, making it ideal for hard to apply synthetic fabrics.

Product Features:

- Durable Heavy-Duty Wash Resistance
- Passes AATCC Standard Industrial Laundering Test - 50 wash cycles
- Dye Blocker Available
- Holds Exceptional Detail
- Superior Stretch Capability
- Non-Phthalate, CPSIA Compliant
- Semi transparent hot peel carrier (HPF)

Recommended Fabrics:

- Cotton & Cotton Blends
- Polyester & Rayon
- Spandex & Lycra

Market Segment:

- Uniforms and Work Wear
- Healthcare
- Food Service
- Hospitality & Housekeeping
- Athletic Uniforms & Sports Wear

- Peel Hot

Wash Test Guidelines:

- Industrial Wash Temperature: up to 160°F / 71°C
- Wash Time: 1 hour (single wash cycle)
- Dry Temperature Up to 140°F / 60°C
- Detergent: All Water Temperature Detergents
- Do Not Add Softeners or Bleach Agents
- Do Not Dry Clean

Minimum Line Weights:

- Positive line weight: 1 pt.
- Negative line weight: 1 pt.

Heat Transfer Storage:

- Heat transfers should be stored in original packaging until ready for use.
- Store away from direct heat, sunlight and high humidity.
- Shelf life: one year from date of shipment.

Heat Transfer Limited Warranty

8.2021

All statements, technical information and recommendations concerning products or samples provided by Insta are based upon tests believed to be reliable but do not constitute a guarantee or warranty.

Since the conditions under which Insta's heat transfer products may be applied to garments and other products are beyond its control Insta assumes no liability for the results obtained during and from transfer application process to the garment fabric or otherwise. It is the customers responsibility to independently determine, prior to use, the suitability, finish and wash of these products for their specific applications and that the end product laundered with soaps containing bleach, or harsh detergents with bleach or bleach particles. No warranty, expressed or implied is given. Insta's liability is limited only to the purchase price of the heat transfers.

The limited warranty is further subject to the condition that the Customer notifies Insta of any defect in material or workmanship within thirty (30) days of the date of delivery. Shelf Life of transfers is one year from date of shipment, unless otherwise specified in writing. Transfers should be stored in the original packaging and in a cool, dry area away from direct sunlight at a temperature no higher than 75F (24C). The customer is financially responsible for third party testing performed by an independent lab.
